SEKUREDOSE 5lt – 1Gall

SEKO

SekureDose is simply the safest and most convenient "all in one" system for dosing chemicals in places like hotels, restaurants, schools and offices. The ideal "turn-key" solution for filling spray bottles or buckets to wash floors, counter tops or other hard washable surfaces and for sink filling for pot and pan washing.

SekureDose offers tool free installation and with an easy to maintain manual pump mechanism built into a robust, easy to clean chemical cabinet.

Main features:
- Easy calibration
- No electrical connection, no water supply required
- Modular flexibility
- Can be personalized

Strengths:
- Modularity: system can be mounted side by side for clean, tidy, professional installation
- Wide range of customization options: colored caps and custom labels to make SekureDose intuitive and easier to use for the operator
- Fast stroke regulation: the large cap provides easy access to the stroke regulating pins, whilst remaining secure in use
- Three versions available: sink, bucket and bottle filling with variable height bottle tray

Other features
- Can fit 5lt,1 gall jerry can or 2 bottles x 2,5lt or 0,5gall
- System can be extended using additional units for multiple product dosing
- Tool free installation and maintenance
- Robust lockable ABS cabinet includes the dispenser and variable sizes of chemical packaging
- Available as standard with EPDM seal: can be realized in FPM or Silicone
- Lock out mechanism to avoid over consumption
- No contact between the spring and chemical
- Comfortable use thanks to the big button
- Flexible shockproof spout
- Operating Temperature: 5-50°C
- Storage Temperature: -20÷60°C

Packaging includes:
- SekureDose
- Metal keys
- Screws and anchors
- Mounting bracket
- Dosing accessories
  - Bucket version: hose and spout
  - Bottle version: drip tray and 90° short spout
  - Sink version: 90° spout
